There are two providers of NHS talking therapies available in Thanet CCG which are part of the government’s Improving Access to Psychological Therapies (IAPT) programme.

Around one in four people will experience a common mental health concern each year. Psychological therapies can help with anxiety, depression, Stress, trauma, Phobias and other related problems. Talking therapy services offer time-limited, evidence-based psychological therapies. All services offer treatments such as cognitive behavioural therapy (CBT), stress management, EMDR (Eye Movement Desensitisation and Reprocessing), and sometimes group work. The service will discuss your needs with you and agree the most appropriate treatment.

The services are available by GP referral or you can refer yourself directly using the details in this leaflet.

Please see back page for details of new services for people with newly diagnosed or long term physical health conditions.

IAPT services include a range of NHS evidence-based interventions and treatments, such as counselling, cognitive behavioural therapy (CBT), PTSD, stress management, EMDR, and sometimes group work.

Services are available for people aged 17 and upwards who are registered with a GP in Thanet.
Dover Counselling Centre

Patients can self-refer by calling: **01304 204123**

Are you experiencing **physical health problems** or have a **long term condition** that is causing you to feel

**Stressed? Worried? On edge?**

**Or**

**Feeling Low and Fed-up?**

Specialist clinicians are available in all NHS talking therapy (IAPT) services for people worried about their physical health and who can help improve your wellbeing.

Call any of the talking therapy providers in this leaflet and mention that you have a long term condition and they will direct you to the best help for you whether you have diabetes, COPD, Cardiovascular disease, pain or other long term conditions.
